HANGED AT LAMAR.

AMOS AVERY PAID THE PENALTY OF HIS CRIME TO-DAY.

KILLED A BOOK PEDDLER.

The Remains Will be Shipped to Fort Scott for Burial To-morrow.

Special to the DEMOCRAT.

LAMAR, Mo., May 24.—Amos Avery, who was convicted of the murder of James E. Miles, a book peddler, a year ago last March, was hanged here at 11:30 o'clock this morning.

After Avery's conviction a mob attempted to lynch him and he was then taken to Kansas City for safe keeping.

His case was carried to the supreme court and until the sentence was affirmed there Avery was not brought back to the jail here.

He was respited three times by Governor Stone. A strong effort was made to have the sentence commuted, but in vain.

His mother, Mrs. Sarah Avery, who resides at Fort Scott, arrived here last evening and bade her son farewell. The remains will be taken to Fort Scott for interment.

A LYNCHING IN SIGHT.

Threats Against a Negro Who Shot Guthrie's Postmaster.

GUTHRIE, Ok., May 24.—An attempt was made to rob the post-office at this place last evening at 8:30 o'clock.

Mr. Perkins, the assistant postmaster, and his wife were engaged in figuring up the day's business, when a burly negro named John Richardson, well known in this city, entered the office through the back door, thereby gaining access to the rear of the money department.

The negro demanded the money, and Postmaster Perkins attempted to defend himself and the office with a chair. The negro snapped a pistol, and then the men clinched. Finally a shot was fired, which took effect over the left eye of Mr. Perkins. The ball glanced and passed around near the center of the forehead.

Mrs. Perkins made a desperate effort to assist her husband, when the ruffian felled her to the floor. The shot brought hundreds of people to the scene in an instant. The negro was caught by Mr. L. S. Deford just as he was attempting to leave the scene, and hurried off to jail. No one at the time knew what had occurred or a lynching would have taken place then and there.

Another Editor Remembered.

WASHINGTON, D. C., May 24.—Secretary Morton, of the department of agriculture, has reappointed Hon. Elias S. Garner, of Grant City, Mo., statistical agent of that department for Missouri. Mr. Garner is the editor of the Worth County Times and a writer of strength and ability. He succeeds Levi Chubbuck, and will take charge of his office June 1, 1894.

NOT ON THE "SQUARE."

A Postmaster Who Figured in an Unenviable Role.

SOUTH NORFOLK, CONN., May 24.—Ex-Postmaster Charles E. Doty, of this city, went to Hartford yesterday with his counsel, John H. Light, where, before Judge Townsend, in the United States district court, he was found guilty of the charge of not paying his clerks as much salary as the government allows. He paid a fine of \$1000.

Mr. Doty was appointed postmaster of South Norwalk soon after the election of President Harrison, at a salary of \$2200. On June 20, 1892, Postoffice Inspectors Stoddard and Pendleton, of Boston, acting upon information furnished by a clerk whom Mr. Doty had discharged for tampering with valuable letters, came to South Norwalk, took possession of the office and turned it over to Mr. Doty's bondsmen. The inspector's investigations showed an apparent shortage of between \$1100 and \$1200. Of this amount about \$500 was money allowed by the postoffice department for clerk hire, but which Mr. Doty, by hiring clerks for less than the wages stipulated in the postal regulations, appropriated to his own use.

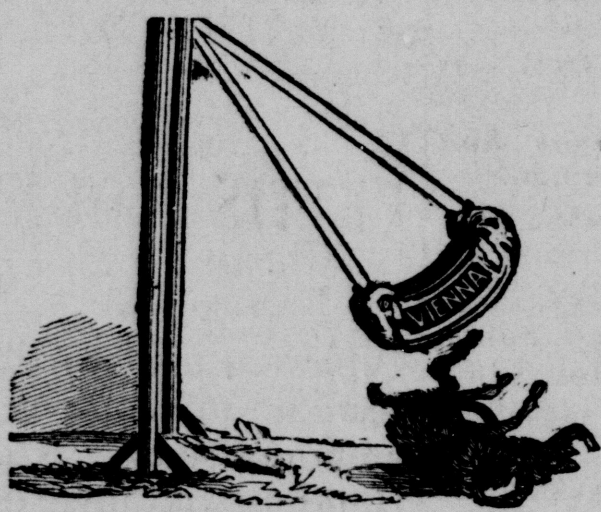

When he was required to make good the clerks' wages, he drew out the money order funds and the funds from the sale of stamps, leaving a deficit of about \$700 in those department, which the bondsmen paid. Mr. Doty was arrested the following afternoon by United States Marshal Strong and taken to New Haven, where he was placed under bonds for a further hearing. The case was adjourned from time to time, until the present settlement of the case was reached.

Congressman Hall's Work.

WASHINGTON, D. C., May 24.—Two of the eight removals of postmasters made by the president yesterday are credited to Missouri, and were effected through Representative U. S. Hall, in whose district the offices are located. The ground upon which the postmasters at Paris and Milan were summarily removed is believed to be offensive partisanship.

Disturbed the Peace.

THIS IS CHOLERA YEAR.

In order to prevent CHOLERA and to keep the system clear from MALARIA use Wood's Celebrated Cathartic Pills. These pills are also an excellent remedy for sallow complexion, skin diseases. Nothing can excel them for a blood purifier. These pills have a world-wide reputation for Indigestion, Sick Headache, pain in the head, side or back and Liver Complaint. Try one box and you will be convinced. Over 300,000 boxes are now being sold annually.

Wood's Magic Oil or King of Pain,

An external and internal remedy, has no equal for the cure of Cholera, Cramps, Diarrhea, Sprains, Bruises, etc. These remedies should be kept constantly on hand and used liberally when symptoms of the above diseases make their appearance. These remedies can be purchased at the Opera House Drugstore and at most all first-class drugstores.

BASE BALL CHANGES.

Brooklyn May Drop Brouthers for Dave Foutz.

NEW YORK, May 24th.—It is more than likely that Dan Brouthers will be compelled to take a bench seat. Indeed it is somewhat possible that the mighty Daniel may shortly cease to exist as a member of the Brooklyn club. When the club arrived in Washington on their first trip of the season, Brouthers, who had caught a bad cold en route, was attacked with the grip and went home to Wappingers Falls. Since then he has not played ball, and Dave Foutz has covered first base in a highly satisfactory manner. Brouthers came down from the Falls for a day, but returned again. He is now there and it looks as though the Brooklyn club will have no immediate use for his services. This state of affairs is particularly plausible when it is known that Stovey of Baltimore, coming to Brooklyn to play left field, the territory that Foutz was supposed to cover when the season begun. This precludes all idea of Dave going back to the field. Shoch, who has been playing such a great left field, will be relegated for the position of general utility man, and will be ready to step into the shoes of any man who does not play up to the standard.

yesterday at Marfa by Sheriff Bud Frazier, of Reeves county, and his deputy, Manning Clems, and brought to this city.

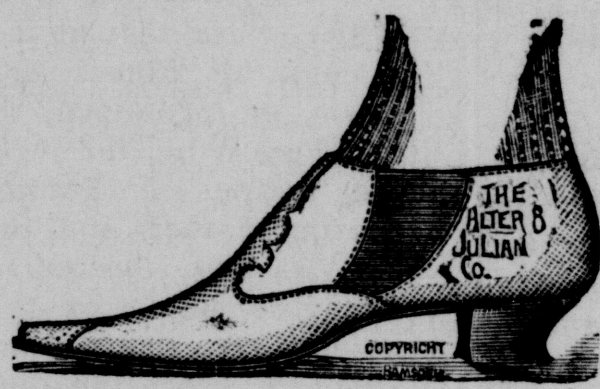

Frazier and his deputy struck a double trail at the scene of the robbery and followed it across the country for ten miles, where evidently the two robbers divided and started off at right angles.

The two pursuers decided to stick together, and followed one trail into Valentine. But the robber had taken the Southern Pacific train for this city. He purchased new clothes and went back to Marfa to get his wife and was captured there. He is 24 years old.

The officers found a large amount of bank notes of the El Paso National bank of this city on his per-

Perrow at first denied that he was the man, but afterwards confessed to his crime and then mysteriously disappeared.

Official Paper of the City of Sedalia.

A DISGRACE.

The subject of a new jail for Pettis county is a threadbare one, it is true, but it is even more timely to-day than it was half a dozen years ago. For that many years, at least, grand jury after grand jury has condemned the present rattle-trap of a structure and recommended the building of a new jail, but right there the matter was permitted to drop.

The fault does not lie with the county court, but with the people—some of the very grand jurors, most likely, who have more than once condemned the old eyesore and recommended the erection of a new building. But when the proposition was submitted, whether or not the court should make an appropriation in accordance with the recommendations of the several grand juries, it was then that the "old chronic" came to the front and defeated the measure.

Pettis is one of the wealthiest and best counties in the fifth state in the union, and to it the present jail is a disgrace—a disgrace to the city, a disgrace to the county, a disgrace to the state and a disgrace to the people.

We have a court house that is the pride of all, and we should at least have a jail that could be pointed out by any citizen without causing a blush of shame.

Let the county court get ready and again submit the proposition for a new jail to the people. Since the question was last voted upon there has been a large change in public sentiment, and the DEMOCRAT believes the proposition could be carried to-day without difficulty.

If it is thought the taxpayers are opposed to expending \$50,000 for the purpose, then let the amount be fixed at \$35,000 or \$40,000, which would erect a very creditable building.

Do not select a site in the very business center of the city, as is now the case, but get a desirable piece of ground on some one of the side streets and then build a structure that is sufficiently large to accommodate the county's needs, at the same time keeping in mind the fact that prisoners are human beings, and their health should not be impaired by confinement in such a place as we now call a jail.

DOWNRIGHT ROBBERY.

The DEMOCRAT has had no reason to change its belief in regard to the robbery of visitors to the World's fair by the people of Chicago, nor does it expect to have any good reason for a change. On the contrary, it begins to look as if the worst had not yet been told.

On every hand complaints of extortion that is little less than downright robbery are heard, until even the Chicago Tribune has entered into a full investigation of the charges preferred against hotels and boarding houses, and it frankly declares that the results are neither satisfactory nor creditable.

They show a general advance of prices, and a determination to make a still further advance later in the season—a disposition to ignore and drive out their regular guests and to practice extortion upon transients. Here is a sample paragraph from the Tribune:

"The investigations made by the Tribune's reporters show that there is no occasion for any advance. The hotels in the city and at the park are more than sufficient in capacity to accommodate a crowd even bigger than that which was here at the opening of the fair. The advance which has

been made therefore is simply robbery. Fortunately the offense carries its own remedy. As the supply is larger than any possible demand the greedy crowd will only kill the goose that lays the golden eggs. This is already manifest. The hotels which are charging reasonable rates and not driving away their regular guests are the only ones which are full and making money. Those, on the other hand, which are overcharging are losing money, and it is hoped they will continue to lose to the end."

The fact is, the man who remains at home and pays his honest debts, and at the same time provides such comforts as he can afford for his wife and babes, will be much better off than the individual who rushes off to Chicago and spends his last dollar with the greedy World's fair people, after which he will have his nose kept to the grindstone for the next year in order to get out of debt.

HAVE you noticed, reader, the improvements that are being made at the homes of many of Sedalia's wage-earners? Take a drive over the city, if you have not, and note the number of pretty cottages that are being further beautified by the application of one or more coats of paint. See the new fences that are being erected, new walks laid, new porches built, etc. You won't have to travel far to see them. They are visible on almost every street, and they certainly speak well for the progressiveness of the property owners. You are a favored people, truly, and the DEMOCRAT congratulates you on the fact that you dwell in the best city in the state.

THE Sedalia papers are respectfully informed that the Missouri river will be bridged at this point, and that the bridge will be built before Sedalia has another railroad.—*Jefferson City Tribune.*

Keep cool, neighbor! If by some hook or crook you can lay hold on the public teat, possibly the Big Muddy may be spanned during the present century. If it depends on Jefferson City money alone, however, ages and ages will roll by before the enterprise is even commenced. In the meantime, the Missouri River and Tidewater need occasion no envy, for it begins to look as if it was pretty much in the same shape as your bridge.

THERE isn't a street in the city, most likely, along which there are not death traps in the shape of dilapidated sidewalks. How long are they to be tolerated? Are we to wait for additional damage suits before the work of putting them in proper condition is begun? Now is the time to begin the good work. Every walk within the corporate limits ought to be put in first-class condition at once. If the proper officers cannot find the dead falls, let the gentlemen call at this office and a corps of reporters will be detailed to point out the pitfalls that are not only an eyesore, but dangerous as well.

THERE are very few idle mechanics in Sedalia just now. In all portions of the city new residences are being erected, and carpenters, bricklayers, plasterers, stone-masons, painters, etc., who desire work have employment at good wages. Sedalia has no boom, but she is enjoying a steady growth that double discounts the finest boom ever given birth, and it is because of this fact that the people are prosperous and happy.

If Judge D. C. Metsker desires to have the everlasting gratitude of the people of North Sedalia, let him extend his electric railway over into that section. Do this, Judge, and they will rise up in their might and call you blessed, and at the same time will never miss an opportunity to drop a nickel in the slot.

TOMORROW will be circus day, and your uncles, your cousins and your aunts will most likely be with you. So will the festive burglar. Don't lose sight of this fact. You'll always find him following in the wake of a circus, so when you go out to witness the parade see to it that your windows and doors are securely fastened, and that the bull dog has the freedom of the yard.

THE coal miners' strike at Pittsburg, Kas., gives promise of becoming quite serious. Not only are all of the miners in the state to be called out, but it is said those of Missouri will also be called out through sympathy. It takes some-

thing more than "sympathy" to win a strike these days, however, and it is well that such is the case.

It is now said that the World's fair will be opened next Sunday—the same as the dance halls, brothels and gambling hells. They are after the almighty dollar at every turn of the road in Chicago, it appears, and they will come pretty near getting it, too.

REV. E. T. BOWERS, of Kansas City, who was unfrocked in 1891 on the charges of gross immorality, has been reinstated by the general assembly of the Cumberland Presbyterian church in session at Little Rock.

ANOTHER newspaper man has had doubtful honors thrust upon him. George W. Vaughn, of the *Central Missourian*, has been appointed postmaster at Glasgow.

THE school enumeration just completed shows that Sedalia has 4034 school children—almost as many pupils as Jefferson City has inhabitants.

SOMETHING wrong, surely! There hasn't been a burglary reported from Dresden, Lamonte, Knobnoster or Warrensburg within the past twenty-four hours.

W. F. SNYDER has been appointed postmaster at Joplin and William R. Baskett at Paris, both presidential offices.

QUEEN VICTORIA, who is referred to by the *Globe-Democrat* as "a G. O. W.," is 74 years old to-day.

A Farewell Reception.

J. Harry Morrissey, who is here from Los Angeles, Cal., on a visit, was referred to as follows in a late issue of the *Los Angeles Times*:

Mrs. W. C. Morrison gave a delightful party at her home, No. 1347 Olive street, Friday evening, in honor of J. Harry Morrissey, who leaves this week for the east to visit relatives and see the World's fair. The rooms were beautifully decorated with flowers, and music, games and dancing were the features of the evening's entertainment. The Misses Abbott rendered some very sweet vocal and instrumental music, after which delicious refreshments were served. All the guests joined in thanking the charming hostess for the hospitable manner in which they were entertained, and, after bidding Mr. Morrissey a pleasant journey and safe return, they took their departure.

Henry Has a Remedy.

"Moles are a great nuisance in the garden, yard and flower beds," said Henry Strother to a DEMOCRAT reporter, "and the cheapest and most effective way to run the rascal to other feeding grounds is to make a small hole into his burrow and pour in about a spoonful of cheap molasses or coal tar and then stop up the small hole."

"The mole is very particular about keeping its glossy fur clean, and when it gets some sticky syrup or tar on its fur, it becomes so disgusted that it will start for Idaho at once."

A ROLLICKING PICNIC.

Three miles east of Houstonia, 2000 cotton-tails with harps of Zion between their teeth were heard far and wide yesterday playing songs in praise of them who do the earth good (that means us).

The birds of the air left their nests and joined the chorus. Foxes left their dens still picking their teeth with the shank bones of spring chickens.

The woodchucks flitted their tails for the best chance, took a fresh chew of slippery elm bark and barked Amen until the earth trembled with delight that everybody had found out that

A Mammoth Enterprise.

Intimately associated with and indeed playing an important part in the history and growth of Kansas City and surrounding country is the well known house of Bullene, Moore, Emery & Co. Originally established about twenty-nine years ago when Kansas City, in its modest proportions gave but little promise of its future greatness, this concern has never known anything but steady and constant growth and progress; and has, since its inception, deservedly maintained a leading position.

Repeated changes in and additions to its buildings were made, until finally they determined to erect a structure of mammoth proportions with every modern convenience, and especially adapted to the needs of a large retail house. As a result this magnificent structure was brought into existence and occupied on September 20, 1890; and a new era of prosperity entered upon. Beyond question this great emporium is one of the finest in the United States, and for beauty, completeness, and facilities for the accommodation of its immense industry, it is not surpassed by any in the world. The western people are proud of this fact, and show their appreciation in a most substantial way.

On visiting the store, strangers are usually impressed with the fact that it differs from any they ever saw before. The building is bounded by Grand avenue on the east, Eleventh street on the south, Walnut street on the west, and a wide passage way on the north, where freight is received and the city delivery wagons are loaded. Exclusive of a large, well lighted basement under the whole building, it is six stories high on Walnut street and five on Grand avenue; and its peculiar location gives it the advantage of two ground floors. One of the most unique features is the beautiful arcade, running around the entire frontage of the ground floors, and constructed so that customers may walk around the outside of the store and see the goods shown in the display windows without being compelled to stand on the sidewalk. The seven floors if spread out as one would aggregate nearly 200,000 square feet of floorage. Within the building are over two miles of counter and shelf-room; this fact alone will serve to illustrate the stupendous stock of goods the house accommodates. The building is lighted within by incandescent lights from their own private plant, and from the ceiling of the arcade hang numerous arc lights, illuminating it by night. The hundreds of windows on all four sides of the store serve to admit floods of light and air, thus making the large rooms most cheerful and pleasant.

A novel and exceedingly useful convenience is the pneumatic tube cash system, consisting of a great number of brass tubes, running from the various departments to one central cashier's office. The air in these tubes is continually being exhausted by a blower operated in the engine rooms, and as the air from without rushes in to fill the vacuum in the tubes a strong current is formed, so powerful in fact that a little round brass box dropped into a tube will travel at the rate of about 200 feet per second. The money received on the sale of goods is put in this brass box and sent to the cashier's desk and the change returned by a parallel tube. By this means, customers are spared from the vexatious delay it usually takes for large houses to make change.

In addition to all these, many other conveniences have been added to make trading in this wonderful establishment a pleasure. Reception parlors, toilet and retiring rooms, check stands, telegraph and telephone offices, mail boxes and a multitude of other helps in shopping are to be found here. In short, the most advanced and improved methods of merchandising are here exhibited; under one roof are brought together goods from nearly every continent and isle of the sea, and each country finds itself represented in some kind of ware in one or more of its 103 departments, including dry goods, wraps, millinery, shoes, house-furnishings, carpets, rugs, curtains, furniture, books, etc., etc., etc. It is a sight worth coming hundreds of miles to see, and no one should think of leaving the city without being able to say that they had visited this store.

Orders By Mail Promptly and Carefully Filled.

No Damages for Mental Anguish.

The St. Louis court of appeals decides that the courts can't award damages for mere mental suffering and, therefore, the Western Union Telegraph company is not liable for damages to E. H. Newman for the mental suffering it caused by not delivering a telegram to his mother promptly.

Newman was at Marshall, Mo., and hearing that a cyclone had struck St. Louis he telegraphed his mother: "Are you all safe. Answer at once."

The dispatch was not delivered for thirty-six hours and Newman sued the company for \$2,000 damages for mental suffering.

The Date Fixed.

There was a very good attendance at the semi-monthly meeting of the Sedalia Industrial council last night, when the evening of May 30 was fixed as the date for holding the entertainment heretofore referred to in these columns, to take place at the court house.

A committee was appointed to call a meeting next week of those interested in the contemplated new labor paper, when a board of directors and officers will be elected.

After the transaction of considerable routine business, the meeting adjourned.

Fine, Juicy Oysters.

Fresh oysters, the first of the season, served in all styles at Seher's cafe. Also for sale by the can.

Bob Is In It.

The Ward-James company ends the season at Trenton, New Jersey. Bob Willett writes that he will spend part of the summer with Mr. Ward, at the latter's country home, Wardeville, Sullivan county New York. He will superintend the building of a boat house for Mr. Warde. A beautiful lake offers unexcelled advantage for boating and fishing.

Vernon County's Giant.

The tallest man in Vernon county, according to the Nevada Mail, is John Donaldson. He lives at Moundville, and is 22 years old. He measures 6 feet 7 inches, weighs 160 pounds and the tall men of other townships can stand under his arm.

RUMORED RESIGNATION.

It is Said That Passenger Agent Falkner is to Retire From the M., K. & T.

There is a well grounded rumor that General Passenger Agent Falkner, of the Missouri, Kansas and Texas, will soon hand in his resignation and that he will be succeeded by either David Edwards, general passenger agent of the Queen & Crescent, or La Beaume, general passenger agent of the Cotton Belt.

As Mr. Falkner is a particular friend of Mr. Waldo, it is not difficult to find a cause for his resignation should it come along. Color is given to the report that Mr. Edwards would be his successor by the fact that David Miller, formerly of the Queen & Crescent, now general manager of the "Katy," and Mr. Edwards are warm personal friends.

POLICE COURT.

The City Gets After the Livery Stables for Maintaining a Nuisance.

The owners of a livery stable were charged in court this morning with maintaining a nuisance by throwing manure into the alley in the rear of their stable. As this was their first offense, a fine of \$5 was assessed and paid. The city proposes to enforce the law in all cases.

Wm. Siebe, for intoxication, was fined \$5. The charge of disturbing the peace was dismissed.

Chas. Mason was fined \$10 and Wm. Hennessey and Geo. Vought \$5 each for trespassing upon railroad property.

Ben Barr, Ed Maddeen and Hy Linburg were each fined \$5 for intoxication.

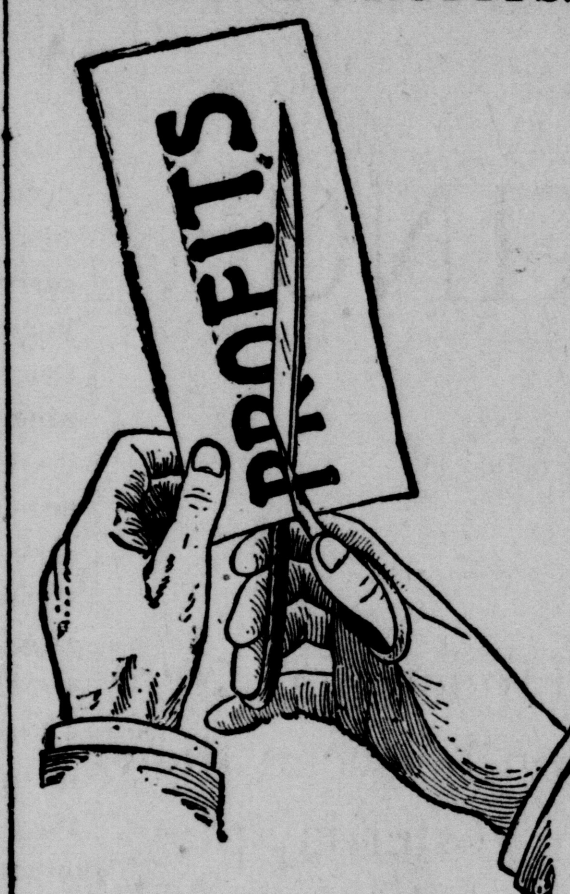

ONE ON THE PARSON.

An Omission in the Ceremony That Cost Both Ways.

A minister, gifted with the power of seeing the humorous side of life amid his pastoral duties, can tell a story with a gusto and relish of a judge of the supreme court. They enjoy a laugh with the best of men, and their mirth is as infectious as it is often unexpected. One night a St. Paul clergyman was in a jovial frame of mind, and he related the following incident for the benefit of his companion: A brother minister once had occasion to marry a couple of dummies, and while it was a recognized custom in his part of the country that the officiating clergyman should salute the bride, this particular instance was a little more than the minister could stand. So at the conclusion of the ceremony he remarked that, while it was the usual custom to salute the bride on this occasion he would omit it. "Yes," responded the groom, "on such an occasion it is the usual custom to fee the minister, but on this occasion we will omit it."

"Nothing Like a Good Old Mother." An English paper tells a story of a well-known bishop who suffers from impaired vision. He recently held a levee. At length a guest approached and said: "How do you do, my lord? My mother wishes to be kindly remembered to you." "Ah," said the bishop, "that is very good of her. And how is the dear old soul? Nothing like a good old mother! Be sure to take care of your old mother. Good morning." The bishop did not in the least know who his visitor was, and said to his footman, "Who was that?" The servant replied, "The last gentleman who left your lordship's reception is the duke of Connaught."

THE RAILROADS.

Superintendent L. D. Hopkins was in the city last evening.

There is another meeting at Chicago to-day to try and arrange lower World's fair rates.

Cincinnati railroads are reaching out for a great tract of valuable city property for terminal facilities.

Engineer John H. Hope is taking a layoff while his engine, No. 946, is in the shops undergoing repairs.

Omaha has won its suit against the Union Depot company and will now have just such a depot as it wants.

The Western Freight Classification committee, representing seventy-four lines, is in session in St. Louis.

T. T. Taylor, chief clerk of the Fort Scott district of the seventh postal railway division, is in the city to-day.

E. J. Martin has been appointed general freight and passenger agent of the San Antonio and Aransas Pass railroad.

The Wagner sleepers on the M., K. & T. now run to Houston via Dallas, instead of Fort Worth. The change was made Sunday.

The strike of the Chicago and Northwestern road's operators was short-lived, but pending its duration a disastrous wreck occurred.

The Atchison to-day announced a \$37.50 round trip World's fair rate from Colorado and one of \$17.50 from Missouri river points.

President S. H. H. Clark of the Union Pacific will arrive in St. Louis to-morrow to make arrangements for his family's removal to Omaha.

The Pennsylvania and the Lake Shore roads have given their employees two weeks' vacation with transportation to and from the World's fair.

On June 1, the American Express company will begin operating on lines in Nebraska, Wyoming and South Dakota. That is an addition of 1,700 miles.

President Rouse and the New York directors of the M., K. & T. have returned to New York, after attending the annual meetings in the three states.

The Missouri Pacific announces a one fare rate for the round trip to the meeting of the Southwestern Band association at Jefferson City, May 26, 27 and 28.

Horace F. Smith, a Kansas City man, has been made general freight agent of the Queen and Crescent route, vice David Miller, who came to the M., K. & T.

Jno. A. Smith, general freight agent of the M. K. & T. in Texas, with headquarters at Denison, and General Freight Agent J. W. Allen of the same line at Sedalia, Mo., were at the "Katy's" headquarters in St. Louis yesterday and conferred with Traffic Manager Miller.

Conductor Howten, who has been running a passenger on the Missouri Pacific from Kansas City to Joplin in place of Sam Clark, who is sick at Kansas City, gave up his run yesterday to Conductor Bowers. Mr. Howten will take his old run on the Nevada and Joplin local about the first of next week. —Nevada Mail.

Charlie Hall, M., K. & T. conductor of Sedalia, passed through the city to-day en route to Ardmore, I. T., where he goes as a witness in an important railroad suit. . . . Tom Swan, chief clerk of the passenger department of the M., K. & T., passed through the city to-day to Galveston. —Denison Herald.

After the Railroads.

The state board of railroad commissioners is collecting evidence to make a test case against several railroad companies which have established rules by which they will not receive for shipment a single head of stock unless accompanied by one person, who must pay fare.

The company that enforces this rule most rigidly is the Kansas City, Springfield and Memphis, and several complaints have been filed with the board. Some of the other roads charge only half fare, but the hardship lies in the fact that stock must be accompanied by a man.

The board has decided that the companies must accept stock for shipment whether accompanied by a person or not, and an order to that effect will be issued in a day or two.

The board will also in a day or two issue an order, holding that the Hannibal and St. Joseph railroad is making rates on live stock in excess of the schedule prescribed by the statutes. It is claimed that under its charter it has a right to do so. A test case will be made of this.

At the Hospital.

The late arrivals at the hospital are as follows:

Del Ouyrane, brakeman, Greenville; sciatica.

De Allen, colored, extra gang,

Waxahachie; rheumatism.

G. W. Rodger, machinist, Denison; contusion of the left knee.

R. F. Barton, operator, La Grange, Tex.; rheumatism.

Jas. F. Maxey, bridgeman, Alvarado; ulcers on right leg.

For Sale.

AMUSEMENTS.

Pirates of Penzance.

A large and fashionable audience assembled at Wood's opera house last night to witness the performance of "Pirates of Penzance" by local singers for the benefit of the hospital fund. The raising of the curtain in the first act was greeted with applause, but not even this was sufficient to relieve the performers of some trepidation which interfered with their grace of movement and their assurance in vocalization. The choric strength of the performance was a surprise to all. The chorus was well balanced, of good movement, and harmonious. G. G. Floyd, as Ricard, a pirate king, sang with ease and has a melodious and pleasant voice. W. M. Johns, as Samuel, was very acceptable. The Frederic of F. C. Billings improved wonderfully as the performance progressed. In the second act Mr. Billings became much easier in his reading and sang with a dash and warmth that was eminently pleasing to the audience. Mrs. Estelle Ewing, who took the part of Mable, is a lady of unusual ability for an amateur. She possesses a clear voice of good range, and shows culture. She was attractive and winsome as Mable and made many friends who hope to hear her again. The duet between Frederic and Mable in the second act, "He Loves Me," was one of the prettiest selections of the evening and was far better than average professional work. W. S. Ferguson made an acceptable Major General Stanley, and W. H. Hogg, as Edward, a sergeant of police, was a comical Irish policeman, and had a make-up to make the Hibernians blush. His police corps was well drilled and looked very "swell." Miss Lizzie Kennedy, as Kate, Miss Mabel Thornton, as Edith, and Miss Linnie Gold, as Isabel, were pretty and vivacious, as were the other young ladies in the chorus. Rath, a piratical maid of all work, was sung by Miss Kate Antes, than whom there is perhaps a no more accomplished amateur in the city. Miss Antes has undoubted ability and would make a success upon the professional stage. Charles L. Taylor was a second Gilmore as a musical director, and Miss Nellie Stark is entitled to much praise for her excellent work as accompanist. She is one of the most perfectly endowed pianists in the city. Business Manager S. R. Wolf and the several ladies of the hospital society who assisted him, should feel highly complimented over the success of the performance. W. H. Hogg did faithful work as stage director.

BROTHERS VERNON.

The Marvelous Aerialists Now With the Ringling Bros' Circus.

The Brothers Vernon, who have been secured as one of this season's many features with the Ringling Brothers' World's Greatest Shows, are unquestionably the highest salaried gymnasts that have ever been brought to this country. In Europe they stand pre-eminently at the head of all competitors and are justly styled the "flying kings of the air." No other aerialists have ever attempted the perilous feats that these marvelously clever performers accomplish with the greatest apparent ease. Swinging aloft in the topmost dome of the enormous circus and hippodrome tent, and darting from swing to swing with the rapidity of a shot from a cannon, they present a magnificent exhibition of daring and trained agility startling in its intrepidity. Their triple somersault, turned in mid-air while springing from trapeze bars swinging forty feet apart, is the most thrilling act of its kind ever seen in this country. These famous aerialists receive more money per week than has ever been paid any two gymnastic acts hitherto presented in this country, and never fail to create a sensation. In conjunction with the Brothers Vernon, the famous Aymars present their peerless act upon the flying trapeze, a performance that has given them world-wide celebrity; and the four Walters Brothers give a series of acrobatic feats unequalled anywhere in the world. Nowhere outside the Ringling Brothers' World's Greatest Shows can these great acts be witnessed, and to-morrow, Thursday, May 25, is show day in this city.

DOES NOT WANT IT.

MR. HART NOT TO LOCATE IN ST. LOUIS.

STORY PROMPTLY DENIED.

He Never Applied for Any Kind of An Office Under Colonel Dalton.

The following in regard to a Sedalia gentleman, from the St. Louis Republic of this morning, will be perused with interest by readers of the DEMOCRAT:

"The arrival last evening of V. P. Hart with Colonel Dalton was taken as confirmation by politicians that he was to be made assistant custodian. Mr. Hart was one of Colonel Dalton's closest friends in his race for governor, and since the campaign they have been associated in trying to benefit the condition of railway employes, of which Mr. Hart is a prominent official. The position pays a salary of \$1500 a year, is at present filled by Major Geo. W. Gilson and is considered one of the most desirable appointments in the gift of the surveyor."

Mr. Hart was seen this morning and vigorously denied the truth of the statement. Furthermore, he said that he had not been, and never would be, an applicant for one of the positions under Col. Dalton.

The Republic's article concluded as follows:

"Ex-Representative Denny Ryan is said to be booked for a deputy surveyorship, probably as liquidating clerk on a salary of \$1,900, and Sidney Roy, assistant chief clerk of the last house of representatives, a clerkship on a salary of \$1,400."

"Captain Nelson Young, the present special deputy surveyor, who has held through all administrations for the last twenty-eight years, will, it is said, be retained. This is partly based on Captain Young's efficiency and long experience, but mainly on the fact that Colonel Dalton and Captain Young are old friends, the latter being during the war captain of the company Col. Dalton served in for a time."

"Ex-Representative Donnelly, of

Madison, is also said to be assured of a good position. Altogether Colonel Dalton will have some sixty positions at his disposal, but only some fifteen with salaries over \$1000 and four or five over \$1500. The most responsible of the latter are: Special deputy surveyor, now occupied by Captain Young, on a salary of \$2500; cashier, now held by Colonel T. W. Schaurte, on a salary of \$2000; liquidating clerk, now filled by C. H. Cogshall, on a salary of \$1900; chief inspector, filled by John R. Bell, on salary of \$1900, and entry clerk, filled by William N. Pearce, on a salary of \$1600.

"As all of these positions are quite responsible and require some technical knowledge of the business the appointees have to be selected with great care."

Extra Police.

In anticipation of crooks following the circus to-morrow, Tom Smith, Matt Myers, Billy Drake and Price Howell have been deputized as special police, to serve until after to-morrow.

STORES TO CLOSE EARLY.

A Committee Will Wait Upon Merchants This Afternoon—A Good Thing.

Following the custom observed for several years, the business men and clerks of the city will begin a canvass this afternoon for the purpose of having business houses close their doors during the evenings of the hot summer months. The subject has been so thoroughly discussed at other times that its purpose is now known, appreciated and recommended by all. The following committee will begin at 2 o'clock this afternoon to canvass the city, and it is to be hoped that their work will meet with deserved success:

E. E. Johnston, Len Van Wagner, W. A. Crawford, Fred Teubner, Carl Guenther, George McClaughlin, H. R. Kruse, Will Cloney, C. Yost, S. R. Wolf, E. E. McClellan, I. Frensdorf, E. Bichsel.

The article of agreement is as follows: "We, the undersigned merchants of Sedalia, Mo., agree to close our respective places of business at 7 p. m., this agreement to take effect June 1st and continue until September pay days, provided all merchants in our line of business also sign this agreement."

The Santa Fe Raising Salaries.

It is stated that ex-General Manager A. A. Robinson, of the Santa Fe, now receives a salary of \$35,000 as president of the Mexican Central. He was originally offered \$25,000, but he was a little slow in accepting, and the directors increased their offer \$10,000. His salary as general manager of the Santa Fe was only \$15,000. Geo. R. Peck's salary as general solicitor of the Santa Fe has been increased since the first of January from \$15,000 to \$25,000, and he has made a five years' contract dated from March of this year, and will stay in Chicago at least that long.

SCHOOL ENUMERATION.

It Shows 4034 Children Attending Our Schools.

Wm. McCluney has completed the task of taking the school enumeration of the city and the result of his labors will be presented to the board of education at their next meeting. It shows the following figures:

Number white males.....	1711
Number white females.....	1841
Total white.....	3552
Number colored males.....	237
Number colored females.....	245

Total colored.....	482
Grand total.....	4034

There are few cities in the west that can make as good a showing as Sedalia in the matter of public schools, and the DEMOCRAT is pleased to state that the attendance for the past year was excellent. There were no serious epidemics during the year, and to this fact the splendid attendance is largely attributable.

Thinks He Was Outclassed

Prof. O. M. Davis departed for Moberly this morning, where he joins Prof. Christol, and both will give an athletic performance to-night. Prof. Davis said that the result of the wrestling match was no surprise to him, as his partner was outclassed. There is no doubt of it, he was outclassed in the same way that Sullivan was outclassed by Corbett—he simply got knocked out.

THE TWO PRINCIPALS.

They Are Not Yet Elected for Summit and Lincoln Schools.

The board of education met again last night and considered the election of a principal for Summit school, but reached no conclusion in the premises.

A number of petitions have been received asking for the reappointment of Miss Sue Kernodle, but there are also some remonstrances, and the directors say they propose to carefully weigh both, and then render such a decision as they believe will be for the best interests of the school.

J. I. Lane, who was elected a teacher in the Lincoln school at Monday night's meeting of the board, is an applicant for the principalship, which office is still vacant. Mr. Lane has taught in Lincoln school for the past five years, and thinks he is entitled to become the successor of Mr. Jones, who was dropped Monday night.

The board has increased the teachers' salary list about \$1,000 a year by adding \$5 a month to the salaries of certain teachers who have taught a continuous number of years.

A last night's meeting Miss Jessie Wanamaker was appointed principal of Summit annex, and Miss Evelyn Jump was transferred from Northeast Sedalia school to Summit school.

In case Miss Mary K. Brigham's health permits, she will be retained as principal of Southeast Sedalia school.

The board will meet again soon to consider further appointments.

Lost.

Small clasp pocketbook, containing two small diamonds and one opal ring. The finder will be liberally rewarded by leaving same at the Sedalia National bank.

Christol at Moberly.

Prof. L. M. Christol, who was compelled to lower his colors as a wrestler to Prof. B. A. McFadden in this city last Friday night, is in Moberly, where he will wrestle a local athlete to-night.

The Base Ball Game.

Manager Tom Butts has succeeded in arranging for Decoration day, May 30th, a match between the Sedalia and Moberly teams. The game will be called at 3:30 p. m., at Association park, and the admission will be twenty-five cents.

The positions of the Sedalia team are as follows:

Harrison, p; Rose, s s; Edwards, 3d b; Roe, 1 f; Cosby, 1st b; Pendola, 2d b; Johnson, r f; Swearingin, c f; Gilpatrick, c.

Southwestern Band Association at Jefferson City.

For this meeting the Missouri Pacific will sell round trip tickets at one fare, May 25, 26, 27. Good for return until May 29th.

H. L. BERRY.

Will Have Water Service.

The pipe for the water on East Tenth street has been distributed along the ground and the residents of that portion of the city will soon not have to use their toe nails and water buckets in fighting the fire fiend.

Fishing in the Lamine.

Conductor R. E. Loumiller and his staunch brakeman, T. A. McGinn, both of the old reliable Missouri Pacific, took their fishing tackle this morning and went to the Lamine at Otterville, where they will set two big trout lines. They will go back in the morning with a wagon after the catch. Keep your ear open for a "whopper."

A Fourteen Pound Boy.

P. W. Mueselman, one of the gentlemanly clerks at Hye's, has a 14-pound son at his home, born this morning. The father is a little "flurried" to-day, but hopes to be in his normal condition to-morrow.

May Lose His Reason.

Tom H. Frame's condition still continues serious, and it is feared he will lose his reason even if death does not claim him. He passed a bad night, and up to noon to-day he was restless and flighty almost continuously.

Notice to Curbing Contractors.

Notice is hereby given that the council of the city of Sedalia, Missouri, will receive and consider bids or proposals for the construction of all curbing now remaining unconstructed and the construction of which was provided for by an ordinance of said city entitled, "An ordinance providing for the curbing of both sides of Fifth street from the west line of Ohio avenue to the east line of Grand avenue. Passed and approved March 23, 1893."

All bids shall be based on the conditions, provisions and specifications of said ordinance. Bids shall be sealed and filed in the office of city clerk not later than 5 o'clock p. m. on June 5th, 1893.

The council reserves the right to reject any or all bids.
